- New from the Rural Health Information Hub (RHIfhub): The Rural Emergency Preparedness and Response Toolkit, developed in collaboration with the NORC Walsh Center for Rural Health Analysis. This evidence-based toolkit provides practical guidance for planning for, responding to, and recovering from disasters and emergencies. It also includes guidance and resources for different types of emergencies and considerations for special populations. <https://ruralhealthinfo.org/toolkits/emergency-preparedness>
- Rural communities may be uniquely impacted by disasters. The Rural Health Information Hub (RHIfhub) and the NORC Walsh Center for Rural Health Analysis have just released a new toolkit to support rural communities and their emergency preparedness efforts. Check it out at <https://ruralhealthinfo.org/toolkits/emergency-preparedness>.
